BUSINESS-SCHOOL OF PRACTICAL MANAGEMENT (BSPM)

Mission: giving the chance for everyone to get high-quality education and be competitive under present-day conditions.

Aim: the practical training of professional and socially responsible management personnel. We use world-leading experience and modern study methods in specialist training.

Task: rising students’ and employers’ innovation and business activity; the creation and the strengthening of connections between business, science and education; assistance in students’ employment.

Sectors that operate within (BSPM):
• Students’ Business Incubation that realizes the training in following specialties:
  o “Business activity management”;
  o “Financial institutions and insurance companies management”;
  o “Tourism industry management”;
• The sector of connections between business and science;
• The sector of connections with employers named “Career”.

The results of functioning (BSPM):
1. The development and the introduction of students’ innovative projects;
2. The organization and the holding of roundtable discussions of urgent management problems.
3. Student participation in nationwide and global management and marketing competitions;
4. The representation of scientific activity results at the scientific conferences of different levels;
5. Student meetings with leading practical managers held in a question-answer format. They discuss the actual problems of enterprise development in Ukraine and the key aspects in effective management.
6. The cooperation with the non-governmental organization “Zhytomyr Regional Student Innovation Business Incubator” and the realization of common projects. One of the projects called “The Informational and Practical Support of Organization and Development of Innovative Entrepreneurship among Youth” was executed within the Comprehensive Program of Small and Medium Business Development in Zhytomyr region in 2013-2014. It was initiated by Zhytomyr Regional State Administration.
